RESPONDING TO HARMFUL SEXUAL BEHAVIOUR

NATIONAL SAFEGUARDING WEEK 2021

IN COLLABORATION WITH THE NSPCC

This webinar will explore the concept of harmful sexual behaviour and its prevalence in the UK, and how practitioners, including teachers and educational professionals, can be confident in both recognising and responding to incidences, to include what support can be provided to children and young people beyond the referral stage. The session will explore examples of different types of behaviour on a continuum from problematic to harmful sexual behaviour.
